Background:

05/25/2021 - District Engineer Rebecca Crow reviewed the Glendale water infrastructure report and led a discussion of the findings and recommendations. By consensus, the Board directed the District Engineer to prepare a Scope of Work and estimated costs, to prepare a benefit/cost analysis of alternative 1 (tank placement), alternative 2 (booster pump station) and to implement alternative 4 (back-flow valves at Lyman).

Budget: \$44,000

Recommendation:

Review and approve.

Mr. Richard Hanger, General Manager

RE: Scope for Hydraulic Systems Alternatives Analysis

Dear Rick

GHD is providing this scope, schedule, and budget proposal to Fieldbrook Glendale Community Services District (FGCSD or District) for the continued hydraulic system alternatives evaluation of the District's Pressure Zone 1 (PZ1) and Pressure Zone 2 (PZ2) issues (the Project). This work constitutes the next steps and refined detail of the FGCSD Water Infrastructure Evaluation Update Technical Memorandum submitted to the District on April 1, 2021. The District has informed GHD that of the proposed Alternatives, they seek further analyze the following alternatives:

1. Alternative 1: Water Storage along Fieldbrook Road Upstream of Lyman Road BPS
2. Alternative 2: Fire Pump Station
3. Alternative 4: Backflow from PZ2 to PZ1

Alternatives 1 and 2 are to be evaluated on a long-term solutions basis, whereas Alternative 4 is to be considered as an interim and low-cost, low complexity solution. The following provides a breakdown of the proposed scope, schedule, and budget to facilitate the District in next steps for selecting the appropriate solution for the system's needs.

SCOPE OF SERVICES

Based on the above understanding of the project intent, GHD will perform the following tasks

Task 1 – Project Management

GHD will execute the necessary Project Management duties throughout the duration of the Project, including coordination with Humboldt Bay Municipal Water District (HBMWD) staff, City of Blue Lake staff, and both Fieldbrook Volunteer Fire Department and Blue Lake Fire Department. This task includes updating the FGCSD Board and receiving input during the completion of the evaluation.

Deliverables:

- Presentation of draft concepts and alternatives at Board meetings
- Data from discussions with other agencies will be incorporated into the final task.

Task 2 – Interim Backflow Concept Design

As designed, the Lyman Road BPS has a pressure-reducing valve that would allow water in PZ2 to flow back to PZ1 when pressure drops in PZ1 below an adjustable threshold and the BPS is not operating. Previous modeling efforts did not simulate this component. Data was recently acquired that would allow simulating its performance under current settings and under alternative settings. Under this task, GHD would perform the necessary modeling efforts to assess the feasibility and operational constraints of operating the pressure-reducing valve to provide supplemental flows to PZ1 while maintaining safety of the system.

This task will also analyze how system operations could initiate pressure surges and provide consideration for updated pipeline and appurtenances operational procedures (valve closure durations, sequencing, etc.).

Deliverables:

- Interim Backflow Alternative TM

Task 3 – Water Tank Storage and Fire Pump Station Hydraulic Analysis

This task will evaluate both long term alternatives including a new a 200,000-gallon water storage tank along Fieldbrook Road upstream of the Lyman Road BPS and north of Larson Heights Road and a Fire Pump Station between Korblex and Glendale. The storage tank alternative would further the evaluation of a compatible elevation for hydraulic benefits to the system with the installation of a water tank and consider agreeable parcel owners for a new tank site. A Water Tank Storage Alternative Technical Memorandum will be prepared that compares the two long term alternatives.

Deliverables:

- Water Tank Storage Alternative TM

Task 4 – Cost Estimate and Energy Efficiency Analysis

The aim of this Task is to provide an assessment on the sizing and operational demands on the system that minimize the initial capital costs associated with each of the analysed alternatives and to further evaluate long-term operational and maintenance costs over the lifetime of the assets. The outcome will produce a preferred sizing and cost analysis of a preferred alternative for each of the analysed alternatives. A Class V capital cost estimate will be developed for the two alternatives as well as annual operations and maintenance costs.

Deliverables:

- Cost Estimate TM

Task 5 – Summary Report

GHD will prepare a Summary Report of the findings from Tasks 2 through 4 and their associated TMs. The Summary Report will include an introduction, description of the hydraulic model scenarios, discussion of hydraulic modelling results, listing of any proposed capital improvements and their associated cost estimates, and a listing of recommendations. GHD anticipates the first submittal will include a Draft Summary Report for FGCS review and comment. All applicable comments will be incorporated into a revised Summary Report document and submitted as the Final Summary Report for record.

Deliverables:

- Draft Summary Report

- Final Summary Report

Schedule

GHD will commence this scope of services upon District issuance of the project Notice to Proceed. The following table presents the proposed schedule for completing the previously detailed Tasks, with a Final Summary Report to be submitted to the District within 4 months of project kick-off.

Budget

The overall project budget based on the nature of the work and the anticipated project duration is summarized below. GHD will perform the scope of work on a time-and-materials basis for a not-to-exceed amount of \$44,000.

ACTIVITY	Cost
Task 1 – Project Management	\$3,200
Task 2 – Interim Backflow Concept Design	\$9,700
Task 3 – Water Tank and Fire Pump Station Hydraulic Analysis	\$21,600
Task 4 – Cost Estimate and Energy Efficiency Analysis	\$6,700
Task 5 – Summary Report	\$2,800
TOTAL	\$44,000

Agenda Background

Agenda Item: 5.2

Agenda Title: 2021 fiscal year-end financial reports and budget adjustments.

Meeting Date: 07/27/2021

Presented by: Richard Hanger

Type of Item: Action Discussion Information

Type of Action Required: No Action Voice Vote Roll Call Vote

Background:

May 2020 – 2020/2021 Budget presentation
 June 2020 – 2020/2021 Initial budget adoption
 August 2020 – 2020/2021 Final budget adoption
 October 2020 – First Quarter budget adjustments
 January 2021 – Second Quarter budget adjustments
 April 2021 – Third Quarter budget adjustments
 Financial reports are reviewed on a quarterly basis and budgets are updated based on actual performance. The attached reports reconcile actuals to the final budgets adopted in August 2020. Depreciation expenses for 2021 are based on the prior fiscal year and will be updated in August, the County of Humboldt has not posted the final tax revenues or earned interest. There will also be adjustments for bad debt reservations for water and sewer.

Water - Revenue

Total adjustment for the F/Y \$68,409. Domestic, late fees, business, and benefit zone revenues are above projections. Domestic revenues were most notably adjusted in the first two quarters of the fiscal year following a comparative review of the prior fiscal year. Late fee increases may be linked to the Covid pandemic and a prohibition on shut offs for non-payment. Business revenue is reflective of increased activity at Royal Gold. Water installation, reimbursement income, and miscellaneous charges are not part of the final budget adoption but are adjusted during the year as part of the quarterly financial reports. Revenues overall were 12.5% above the adopted budget.

Water – Expenses

Purchased water was 4.5% above projections, contract labor includes reimbursable meter installations, utilities were above projections, maintenance expenses include a significant repair at Glendale/Primrose (\$7,361). Bad debt increases are reflective of accounts that are 90+ days past due as of June 30th. There may be some legislative relief for those balances that are related to the Covid pandemic and property liens.

Agenda Background

Sewer – Revenue

Domestic revenue was \$10,768 (3.7%) above projections, late fee increases may be linked to the Covid pandemic, business revenue is related to increased operations at Royal Gold, and reimbursement revenues are from new connection expenses for engineering.

Sewer – Expenses

Purchased wastewater treatment from the City of Arcata was \$7,015 less than the anticipated budget. The original budget amount was based on billing for the prior three fiscal years. The average billing for 2017-2019 was \$200,000 per year. Drought conditions and/or district repairs may have contributed to lower-than-average flows. Contract labor and administration was \$14,388 higher than initial budget projections. These expenses are from reimbursable engineering expenses and other consulting fees. Professional services include attorney fees for lien filings. Utilities expenses relate to telephone fees for telemetry services. These services have been terminated and replaced with a cell phone meter alert system. Maintenance expenses were \$12,878 less than the estimated budget; however, it is important to note that pumps for lift station two are being rebuilt and were not completed in this fiscal year. Bad debt increases are reflective of accounts that are 90+ days past due as of June 30th. There may be some legislative relief for those balances that are related to the Covid pandemic. Payroll expenses increased for sewer technicians performing additional work related to air relief valve replacements and line/weir flushing.

Other Revenue/Expense

Connection fees were collected net of the amount collected from Royal Gold for consumption less reimbursable engineering fees for the development of the industrial discharge permit. Royal Gold's consumption fees are collected at a rate one-and-a-half times the standard consumption fee pending a final connection fee.

Fire – Revenue

Tax revenues will be adjusted following the receipt of final reports from the County of Humboldt. Other income is from an insurance rebate and Cal Fire mutual aid responses.

Fire – Expense

Most of the budget adjustments are within an acceptable range. Assessment fees increased to \$861 from \$113 and there was a shared expense for the LAFCo budget. Maintenance expenses increased for the purchase of a five-year warranty for the SCBA filling station and for a major truck repair. Equipment expenses included the purchase of two iPads.

Recommendation:

Review the financial reports, adopt budget revisions, and direct staff to update final budget amounts for tax revenues, depreciation expenses, and the reservation for bad debt.

Agenda Title: Board Remuneration 2021.

Meeting Date: 07/27/2021

Presented by: Richard Hanger

Type of Item: Action Discussion Information

Type of Action Required: No Action Voice Vote Roll Call Vote

Background:

Resolution #2006-05 addresses board remuneration and expenditure reimbursement procedures. Item three reads:

3.) Members of the Board of Directors shall receive a monthly “Director’s Fee”, the amount of which shall be established annually by the Board at its regular meeting in July.

Board members currently receive an annual director’s fee of \$599.00, paid in monthly installments of \$50.00, the exception is December in which the amount of \$49.00 is paid.

Recommendation:

Discuss and set the director’s fee for FY 2021.

Resolution # 2006 - 05

Fieldbrook Glendale Community Services District
4584 Fieldbrook Road, Fieldbrook CA 95519

Board Remuneration and Expenditure Reimbursement

WHEREAS, Senate Bill 135, Part 2. Internal Organization, Chapter 3. Board of Directors, Section 61047, Subsection (a) through (e), authorizes the board, by resolution, to provide each of its members compensation, and

WHEREAS, the Fieldbrook Glendale Community Services District shall adhere to Government Code Sections 53232 through 53232.4 when dealing with issues of director/employee remuneration and reimbursement, and

WHEREAS, this policy applies to all employees and members of the Board of Directors, and its provisions regarding expense reimbursement are intended to result in no personal gain or loss to an employee or director.

NOW THEREFORE, BE IT RESOLVED, that the Fieldbrook Glendale Community Services District directs that,

(1) Whenever District employees or directors desire to be reimbursed for out-of-pocket expenses for item(s) or service(s) appropriately relating to District business, they shall submit their requests, including an explanation of the expense, and receipts evidencing each expense to the General Manager.

(2) Reimbursement requests by the General Manager will be reviewed and approved by the Board of Directors.

(3) Members of the Board of Directors shall receive a monthly "Director's Fee," the amount of which shall be established annually by the Board at its regular meeting in July.

(4) Subject to the Fieldbrook Glendale Community Services District enabling code, a district director may be compensated for attending the following:

- a) A meeting of the legislative body;
- b) A meeting of an advisory body; or
- c) A conference or organized educational activity conducted in compliance with Government Code Section 54952.2(c), including but not limited to ethics training required by Government Code Section 53234.

(5) District employees and directors are eligible to receive reimbursements for travel, meals, lodging, and other reasonable and necessary expenses for attending the above occurrences on behalf of the District. Reimbursement rates shall coincide with rates set by Internal Revenue Service Publication 463 or its successor publication(s).

(6) Any and all expenses that do not fall within the adopted reimbursement policy or the IRS reimbursable rates are required to be approved by the Board of Directors in a public meeting prior to the expenses(s) being incurred.

(7) Expenses that do not adhere to the adopted reimbursement policy or the IRS reimbursable rates, and that do not receive prior approval from the Board of Directors in a public meeting prior to the expense being incurred, shall not be eligible for reimbursement.

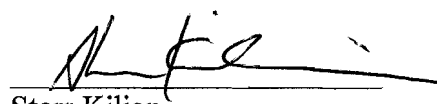

(8) If lodging is in connection with the above or other prior approved event, such lodging costs shall not exceed the maximum group rate published by the conference or activity sponsor. If the published group rate is unavailable, directors shall be reimbursed for comparable lodging at government or IRS rates.

(9) Expenses without receipts shall not be reimbursed.

(10) It is against the law to falsify expense reports. Penalties for misuse of public resources or violation of this policy may include, but are not limited to, the following:

- a) The loss of reimbursement privileges;
- b) Restitution to the local agency;
- c) Civil penalties for misuse of public resources pursuant to Government Code Section 8314; and
- d) Prosecution for misuse of public resources, pursuant to Section 424 of the Penal Code, penalties for which include 2, 3 or 4 years in prison.

Background:

Recommendation:

POLICY TITLE: Claims against the District
POLICY NUMBER: 1025

Purpose: The purpose of this policy is to provide direction to District staff for processing and resolving (if possible) account adjustment requests and property damage claims against the District. Inherent in this policy is the recognition that every adjustment request or claim will be unique, and that guidelines cannot be written to accommodate every case. Therefore, staff must use discretion and good sense in handling each claim.

1025.1 Property (Land and Improvements) Damage Claims

In the course of the District's operations damage to land and improvements occasionally occurs due to the proximity of the District's facilities to private property. When District employees are aware that property has been damaged in the course of their work, restorative measures are to be taken to return the property as close to its original condition as possible.

When a property owner informs a District employee of damage to their property, the employee receiving the claim will document in writing the time and date and a description of the stated circumstances and allegations. Employees should respond to questions, be cordial and respectful, but refrain from commenting on liability questions.

As soon as possible after information about the damage has been received, it shall be given to the General Manager.

If the owner of damaged property informs a member of the Board, the information will be given to the General Manager. Directors should not independently investigate claims or make any representations to the property owner, but may go with staff to observe.

Investigations shall be done in a timely fashion and documented with a written report, including photographs and/or interviews, when appropriate.

If the investigating staff person is convinced that the damage was caused by District personnel, equipment, or infrastructure, he/she shall prepare a work order to have the damage repaired, subject to the following conditions:

- a) General Manager approves the work order;
- b) Property owner agrees that the proposed repairs are appropriate and adequate;
- c) Property owner agrees to allow District personnel access to their property to perform the repair work;
- d) District personnel have the necessary tools, equipment, and expertise to perform the necessary work;
- e) Repair work can be accomplished within a reasonable amount of time; and
- f) Cost of material for the repairs will not exceed five hundred dollars (\$500). If the cost of material for repairs is stated by claimant or estimated by staff to exceed five hundred dollars (\$500), the owner will be asked to submit their claim in writing on a District claim form.

The Board will not consider a claim of an amount in excess of the \$500.00, including the cost of investigation, without prior written approval of the District's insurance company.

The General Manager shall review the damage claim and the proposed repair work within a reasonable amount of time. If he/she determines that the damage is the District's responsibility and that the proposed repair work is

appropriate, he/she may authorize the work if the cost of material for the repairs will not exceed one thousand five hundred dollars (\$1,500). A report shall be submitted to the Claims Committee [standing board committee assigned to review claims of this nature] describing the damage claim, including a description of the manner in which it was resolved. The claimant shall be notified of any action by the Committee regarding their claim.

If the cost of material for repairs is stated by claimant or estimated to exceed one thousand five hundred dollars (\$1,500), the claim will be submitted to the Claims Committee. The Claims Committee shall review the claim and receive input from staff in closed session [qualifies as “anticipated litigation” under the Brown Act]. After reviewing the damage claim, the Committee may authorize the work if the cost of material for the repairs will not exceed three thousand dollars (\$3,000) or may make a recommendation to the Board of Directors. A report shall be submitted to the Board describing the damage claim, including a description of the manner in which it was resolved, or a recommendation for Board action. The claimant shall be notified of any action by the Committee regarding their claim.

If the cost of material for repairs is stated by claimant or estimated to exceed three thousand dollars (\$3,000), the claim will be submitted to the Board of Directors for its consideration. The Board will consider the claim during a closed session [“anticipated litigation”] of a regular or special meeting. Action to accept or reject the claim may be taken in open or closed session. The claimant shall be notified of the Board’s action regarding their claim. Notification that a claim has been rejected shall be accompanied by proof of service.

Claims in excess of the District’s insurance deductible shall be forwarded to the insurance company, and the claimant shall be advised of this action.

Claims for personal injury/wrongful death shall not be investigated by District staff or directors but shall be immediately forwarded to the District’s insurance company.

1025.2 Property (Vehicles and Unsecured Property) Damage Claims

All claims of damage to vehicles, or other unsecured property, shall be submitted to the General Manager. He/she shall review the damage claim and the requested restitution. If he/she determines that the damage is the District’s responsibility, he/she may authorize repairs or reimbursement of expenses to an amount not to exceed one thousand five hundred dollars (\$1,500). A report shall be submitted to the Claims Committee describing the damage claim, including a description of the manner in which it was resolved.

The claim will be processed as described above if the cost of material for repairs is estimated to exceed the applicable thresholds.

1025.3 Property Damage Claims on District Form

Except for damage to land and improvements estimated to cost less than five hundred dollars (\$500), all damage claims must be submitted in writing on a District claim form. This will ensure that a claim is valid and protect important rights of the District.

If an individual does not wish to file a claim on the District form, he/she may present the claim by letter if it conforms to Section 910 and Section 910.2, of the California Government Code. Section 910 specifies that a claim needs to show all of the following:

- a) The name and mailing address of the claimant.
- b) The mailing address (if different) to which the person presenting the claim desires notices to be sent.

- c) The date, place, and other circumstances of the occurrence or transaction which gave rise to the claim asserted;
- d) A general description of the indebtedness, obligation, injury, damage or loss incurred so far as it may be known as the time of presentation of the claim;
- e) The name or names of the public employee or employees causing the injury, damage, or loss, if known; and
- f) The amount claimed if it totals less than ten thousand dollars (\$10,000) as of the date of presentation of the claim, including the estimated amount of any prospective injury, damage, or loss, insofar as it may be known at the time of the presentation of the claim, together with the basis of computation of the amount claimed. If the amount claimed exceeds ten thousand dollars (\$10,000), no dollar amount shall be included in the claim. However, it shall indicate whether the claim would be a limited civil case.

Section 910.2 of the California Government Code specifies the following:

The claim shall be signed by the claimant or by some person on his behalf. Claims against local public entities for supplies, materials, equipment or services need not be signed by the claimant or on his behalf if presented on a billhead or invoice regularly used in the conduct of the business of the claimant.

If the filed letter/claim does not meet the requirements of the California Government Code Section 910 and Section 910.2, then a letter shall be sent to the claimant informing them of this fact.

District staff shall provide no assistance to the claimant in filling out the claim form. Claimant must fill out the claim form in its entirety and submit it via mail, fax or personal delivery to the District office. Upon receipt, office staff shall date-stamp the document.

1025.4 Account Adjustment Requests

The General Manager is authorized to adjust a customer's account when their bill reflects usage that is significantly greater than normal, due to accidental loss of water through broken pipes or when faucets are turned on in the owner's absence, etc. [or other type of abnormal account cost], subject to the following conditions:

- a) The customer requests the account adjustment in writing;
- b) A similar request has not been made within the past 12 months; and
- c) The account shows no record of being delinquent for more than 60 days during the past 24 months.

Agenda Title: Infinite Consulting Services Praesidio Flex Agreement

Agenda Item: 5.6

Presented by: Richard Hanger

Type of Item: Action

Type of Action Required: Voice Vote

Background:

Cyber-security has become a concern of our insurance carrier (SDRMA). Later this year they will implement new requirements and guidelines to help lessen exposure. Infinite Consulting Services (ICS) provides centralized services that will add a number of support services (see page 3 of the attached contract). Services are billed at a rate of \$75.00 per user, per month. We currently have two users, gm@fgcsd.org and stech@fgcsd.org.

Annual cost of base contract \$2,700.00

Recommendation:

In June, the district disconnected a number of telemetry services for a savings of approximately \$8,500 per year. Staff is recommending a portion of these savings be reallocated to cyber-security and recommends approval.
